PROFESSIONAL SUMMARY

Detail-oriented Computer Science student with a passion for software development and a strong portfolio of personal projects. Seeking an internship to apply technical skills and grow as a software engineer.

EDUCATION

Bachelor of Science in Computer Science

University of Texas

Austin, TX

- Expected Graduation: May 2025
- GPA: 3.7/4.0

EXPERIENCE

2023 – Now

Freelance Software Developer

Freelance, Remote

- Develop custom web applications for small businesses, including a booking system and inventory management tool.
- Collaborate with clients to define requirements and deliver solutions that met their needs.

SKILLS

Languages: Python, JavaScript, SQL

Frameworks: Django, Flask

Databases: PostgreSQL, SQLite

PROJECTS

E-commerce Website

- Designed and implemented a full-stack e-commerce website using Django and PostgreSQL.
- Implemented user authentication, product listings, and a shopping cart feature.

Weather Dashboard

- Built a weather dashboard application using JavaScript and the OpenWeather API.
- Displayed real-time weather data and forecasts with an intuitive UI.
