David Nguyen

EDUCATION

Bachelor of Science in Biomedical Engineering, Georgia Institute of Technology, Atlanta, GA

2020 - 2024

- GPA: 3.85
- Vice President of the Biomedical Engineering Society

SKILLS

CAD software: SolidWorks, AutoCAD	Expert
Prototyping and testing methods	Expert
Strong analytical and problem-solving abilities	Expert

Master's in Biomedical Engineering

PROFESSIONAL SUMMARY

To pursue a Master's in Biomedical Engineering focusing on medical device innovation and development. I am committed to harnessing engineering principles and biomedical research to create cutting-edge solutions that improve patient outcomes and enhance the quality of life for individuals with disabilities.

EXPERIENCE

Research Intern, Georgia Tech Research Institute, Atlanta, GA

June 2023 - August 2023

- Contributed to the development of a novel prosthetic limb design, focusing on user-centric features and functionality.
- Conducted tests and gathered data to evaluate the performance of the prosthetic under various conditions.

PROJECTS

Capstone Project

- Designed and prototyped a wearable health monitoring device for chronic disease management, incorporating real-time data tracking and analysis.
