- Tools: Git, GitHub, Figma, Chrome Developer Tools — Expert
- Attention to Detail — Expert
- Team Collaboration — Expert
- Problem Solving — Expert
- Time Management — Expert

EXPERIENCE

2024 - 2024

Front-End Developer Intern

Dell Technologies / Round Rock, TX

- Developed front-end features for internal applications using React and TypeScript.
- Collaborated with the design team to improve UX/UI and increase the site's responsiveness.
- Optimized application performance by implementing lazy loading and improving asset management, reducing page load times by 25%.
- Gained exposure to agile development methodologies and attended daily stand-up meetings.

2023 - Now

Projects

Portfolio Website

- Created a personal portfolio website using HTML, CSS, and JavaScript to showcase coding projects.
- Implemented a contact form with JavaScript validation and designed responsive layouts with CSS Flexbox and Grid.

To-Do List App

- Built a to-do list app using React and Bootstrap, allowing users to add, edit, and delete tasks.
- Implemented local storage functionality to save user tasks between sessions.
