

MATHEMATICS TEACHER, LINCOLN HIGH SCHOOL

Dr. Sarah Thompson

COVER LETTER

Dear Members of the Scholarship Committee,

I am pleased to recommend Emily Johnson for the Springfield Academic Excellence Scholarship. As her mathematics teacher at Lincoln High School for the past three years, I have witnessed her growth into an outstanding student and leader.

Emily has a 4.0 GPA while taking challenging courses like AP Calculus and honors English. She balances academics with extracurricular activities, including the Mathletes club and varsity soccer. As president of the Mathletes, she led our team to victory at the annual Math Competition, showcasing her leadership and organizational skills.

Her commitment to the community is evident through her 50+ volunteer hours at the Springfield Public Library, where she tutors younger students. Emily's empathy and integrity make her an ideal candidate for this scholarship.

Emily aims to study Mathematics at the University of Illinois, and I am confident she will excel. I wholeheartedly support her application and welcome any inquiries you may have regarding her achievements.

Thank you for considering this exceptional candidate.

Sincerely,

Dr. Sarah Thompson
