

School Photographer

Marion Procopio

Professional summary

Dedicated School Photographer with a keen eye for capturing the essence of educational moments. Eager to utilize my photography skills to enhance the visual storytelling of school life and contribute positively to the school community.

Experience

School Photographer

May 2020 - Now

Lifetouch Photography / United States, Seattle, WA

- Collaborate with school administrators to schedule and plan photography sessions for various school events and milestones
- Capture authentic and engaging images of students, faculty, and staff in classroom, extracurricular, and special event settings
- Edit and retouch photos to ensure high-quality final products that reflect the spirit of the school community
- Maintain photography equipment and props, ensuring they are in optimal condition for each session

Freelance Photographer

May 2017 - January 2020

Self-Employed / United States, Seattle, WA

- Collaborated with schools and educational organizations to create custom photography projects tailored to their specific needs and goals
- Captured diverse school-related subjects, including classroom activities, student portraits, and campus landscapes
- Edited and curated photo collections to align with the educational institution's branding and messaging
- Promoted photography services through targeted marketing efforts and word-of-mouth referrals within the school community

Certifications

Certified Professional Photographer (CPP)
