

Junior Full Stack Developer

David Gardner

Professional summary

Aspiring Full Stack Developer with a strong foundation in web development and a Bachelor's degree in Computer Science. Eager to leverage academic training and hands-on project experience to contribute effectively to a dynamic team.

Projects

E-commerce Website

2023 - 2024

Senior Project, The University of Texas at Austin

- Developed a full-stack e-commerce website using MERN stack (MongoDB, Express.js, React, Node.js).
- Implemented user authentication, product catalog, shopping cart functionality, and payment integration using Stripe API.
- Deployed application on Heroku, ensuring scalability and reliability.

Personal Portfolio Website

2022 - 2023

david-gardner-work.com

- Designed and developed a responsive portfolio website showcasing projects and skills using HTML, CSS, and JavaScript.
- Integrated third-party APIs for contact forms and social media sharing buttons.
- Hosted on GitHub Pages, maintaining version control with Git.

Internships

Software Development Intern

June 2023 - August 2023

FusionGrid IT, Austin, TX

- Assisted senior developers in building and maintaining web applications using React and Node.js.
- Conducted unit testing and debugging to ensure functionality and performance.
- Participated in Agile sprint planning meetings and daily stand-ups to track progress and discuss tasks.
